10 YEAR WARRANTY

## WHY OUTDURA?

### Solution-Dyed Acrylic Fabrics (SDA)

The quality of the fiber used to make a fabric is crucial in terms of fading resistance. Our fabrics are made from 100% solution-dyed acrylic. This means that the color pigments go all the way into the fiber (similar to the carrot shown on the right), not just on the surface of the fiber (like you see with cucumber). This gives the fabrics a superior color fastness and makes the colors shine for a longer period of time.

### Where are Sattler fabrics made?

The most of the Sattler fabrics are 100% woven in the USA, in Hudson, North Carolina.

### What are Solution-Dyed Acrylic fabrics?

Solution-dyed acrylic fabrics are made with the color embedded all the way through each fiber, giving long lasting color fastness.

### What makes Sattler fabrics different than other fabrics?

- Made of 100% Solution-dyed Acrylic Fibers
- Have Bright Colors with a High Luminosity
- Fade Resistant
- Highly Dirt and Water Repellent
- Easy to Clean
- Mold & Mildew Resistant
- Breathable

#### SATTLER QUALITIES:

**SOLUTION-DYED ACRYLIC**  
Color pigments are infused all the way to the core of the fiber.

#### OTHER QUALITIES:

**YARD-DYED FIBER**  
Pigments penetrate just the outer surface of the fabric; thus these fabrics fade over time.
